FCC Form 481

Line 100- Service Quality Improvement Reporting {47 CFR 54.313(a)(1)}

In the FCC's Public Notice DA 14-951, released May 1, 2014, the FCC walved the requirement for price cap ETCs to file a five-year plan. 1

We now grant a waiver of this requirement for price cap ETCs for an additional year. Because the Bureau just finalized the Connect America Cost Model, and price cap carriers have not yet had the opportunity to make a state-level commitment for Connect America Phase II, we find that it is not in the public interest to require price cap ETCs to file new five-year plans in 2014 for the same reason as last year: they do not yet know which areas they will be serving in the future.

<sup>&#</sup>x27;The Public Notice stated, in relevant part:

GTC, Inc. St. Joe 210339 Line 310

For the period January 1, 2013 through December 31, 2013, GTC, Inc. St. Joe (SAC #210339) had

GTC, Inc. St. Joe 210339 Line 330

For the period January 1, 2013 through December 31, 2013, GTC, Inc. St. Joe (SAC #210339) had four

GTC Inc. (ST Joe)
Florida/Georgia
210339
Line 510: Service Quality Reporting/Consumer Protection Rules Compliance

GTC Inc., hereby certifies that it is complying with applicable service quality standards and consumer protection rules. The Company complies with service quality and consumer protection provisions under state law. These provisions include, but are not limited to, the following: (1) filling a Local Exchange Tariff pursuant to the requirements of The Florida Public Service Commission which discloses rates, terms and conditions of service to customers; (2) compliance with state consumer protection provisions relating to Customer Services as identified in the Code of State Regulations, compliance with provisions for Quality of Service as Identified in the Code of State Regulations, compliance with Service Objectives as Identified in the Code of State Regulations, compliance with customer Inquiry procedure as Identified in the Code of State Regulations, compliance with Dispute standards as Identified in the Code of State Regulations; (3) compliance with truth-in-billing requirements; and (4) compliance with Federal CPNI rules, Red Flag Rules and other applicable federal and state requirements governing the protection of customers' privacy.

In establishing this certification in its 2005 ETC Order,<sup>1</sup> the FCC found that an ETC must make "a specific commitment to objective measures to protect consumers." <sup>2</sup> The Commission found that for wireless ETCs, compliance with CTIA's Consumer Code for Wireless Service would satisfy this requirement and that the sufficiency of other commitments would be considered on a case-by-case basis. In this context, the FCC stated, "to the extent a wireline or wireless ETC applicant is subject to consumer protection obligations under state law, compliance with such laws may meet our requirement." <sup>3</sup>

GTC Inc., d/b/a/FairPoint Communications does not have any service quality reporting requirements with the Florida Public Service Commission. The telecommunications industry was largely de-regulated on retail services in 2011. GTC Inc., d/b/a/FairPoint Communications does not have any service quality reporting requirements with the Georgia Public Service Commission.

If a customer has a concern about their FairPoint Communications' service or billing, he/she can contact repair service, technical support or customer service with information found on their statement. Customers may also contact agencies, through information posted in the phone directory, website, and tariff pages. All consumer complaints whether from Attorney Generals' offices, Public Utility Commissions, Better Business Bureaus, Federal Communications Commission and all other agencies are sent to the FairPoint Communications' Maine office via U.S. Mall or by electronic mail at <a href="mailto:consumer@fairpoint.com">consumer@fairpoint.com</a>. The complaints are directed to the appropriate responsible Company Team member within FairPoint Communications for resolution and response to the customer.

<sup>&</sup>lt;sup>1</sup> Federal-State Joint Board on Universal Service, CC Docket No. 96-45, Report and Order, FCC 05-46 (rel. Mar. 17, 2005) ("2005 ETC Order").

<sup>&</sup>lt;sup>2</sup> Id. at para. 28.

Form 481 Line 610: Functionality in Emergency Situations

# **Business Continuity Plan Overview**

#### Introduction

FairPoint Communications, Inc. ("FairPoint") is committed to maintaining a vigilant state of disaster preparedness for the interests of our customers, stockholders, employees and other critical stakeholders.

The purpose of our Business Continuity Plan (BCP) is to define the disaster preparedness and recovery protocols and procedures required to restore FairPoint's critical business support functions, inside and outside plant systems and operations within FairPoint's operating footprint.

BCP components detail FairPoint's procedures for preparing for and responding to an emergency situation affecting our ability to deliver core services to our customers and our ability to meet legal dictates, and regulatory requirements.

This document discusses the following:

- BCP Scope & Structure
- Recovery Strategies and Logistics
- Plan Maintenance and Exercising

#### **BCP Scope**

FairPoint's business continuity response planning is concentrated on two critical operational areas:

- <u>Customer Interfacing</u> It is recognized that a "business impact" only occurs when an <u>external-interfacing</u> element is disrupted. In essence, this means that if FairPoint experiences a disruptive event, but one that does not breach the outer-shell of the FairPoint operation and interrupt critical customer services, customer product or other external end-user, then it does not have a business impact, as defined by the BCP
- Infrastructure Integrity Without critical infrastructure systems, the ability for all other FairPoint business operations (back/front office) can come to a halt. It is these infrastructure systems that provide the critical human-factor of our customer-interfacing services. Critical infrastructure would address such services / systems as, building space for staff, service utilities, telecom network, IT network, etc.

The BCP has been developed to assure the continuity of critical customer interfacing services and systems should a physical incident or workforce disruption event occur, which affects:

- IT/IS
- Administrative and Support Operations
- Inside and Outside Plant Operations
- NOC (Network Operations Center)
- E-9-1-1
- Dispatch
- Repair Center

FairPoint has developed response / recovery strategies addressing physically disruptive incidents and workforce related disruptive incidents (i.e., work-stoppage and pandemic). All response strategies are based on recovery time objectives of those department functions and critical infrastructure systems essential to sustain customer interfacing services.

1 Davis Farm Road Portland, ME 04103 Barney Boynton Director, Operational Risk

# **BCP Structure**

The BCP consists of several components:

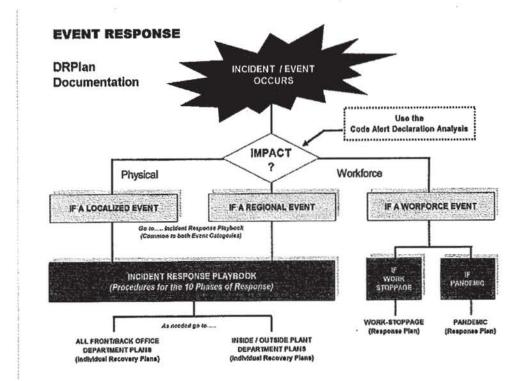

- The BCP Manual (an overview of all BCP documents)
- IR Playbooks (addresses the response procedures for Physical and Workforce related events),
- Appendices (the IR Playbook procedures links to these Resources Files)
- Department Recovery Plans (Business and Plant Operations)
- Business Impact Assessments (Business and Plant Operations)

The Event Response diagram below identifies the overall BCP documentation and how a disruption or incident will dictate which path of the BCP will be followed to restore business operations.

Once the incident or disruption occurs, the impact first needs to be quickly assessed to determine whether it is a physically disruptive event (local or regional) ("Physically Disruptive Event") or a workforce disruptive event (work-stoppage or pandemic) ("Work-Force Related Disruptive Event"). The disruption is always focused on critical business operations and services that can impact customer interfacing / deliverables.

1 Davis Farm Road Portland, ME 04103 Barney Boynton Director, Operational Risk

Recovery Strategies and Logistics

Our BCP is based on the premise that FairPoint cannot stop disasters from occurring, but we can address the IMPACT of incidents should they occur. Where possible we will provide risk mitigation measures that will minimize the likelihood of having a serious disruptive incident but in no case can we eliminate all disruptive possibilities. The BCP is triggered by a Disruption Scenario, not a Threat Scenario. FairPoint pre-plans for potential break-points that can result in a customer interfacing disruption and incorporates recovery strategies that will inherently address any potential threat and any resulting business disruption impact. The actual threat (i.e. fire, flood, etc.) is pertinent only with respect to immediate response activities. All subsequent response efforts are focused on the assessment of damages (physical losses and recovery duration) and the implementation of restoration and recovery strategies. The restoration of the business servicing operations and infrastructure systems is based on salvage, replacement of systems and alternate functionality measures, which are pre-defined in the BCP.

Each department has developed a recovery plan based on its critical operations as they pertain to the deliverables they contribute to our customers. FairPoint has triaged the recovery efforts based on the concept of customer servicing impact. Federal and State regulatory requirements have a high level of consideration in

1 Davis Farm Road Portland, ME 04103 Barney Boynton Director, Operational Risk

addition to the business impact concerns. The BCP goal is to minimize the disruption duration as much as is practical and provide a level of risk miligation that will maintain critical operations.

The Ten Response Phases of Physical Event are:

- Incident Notification
- Visual Damage Assessment
- Incident Stabilization
- Command Center Initiation
- Initial Notifications to Business Departments to activate plans
- Primary Site Damage Assessments
- Ready Alternate Restoration Sites
- Primary Site Salvage & Recovery
- Business Restoration Process
- Primary Site Re-established

Plan Maintenance and Exercising

The BCP is a living document. Updates to the plan are ongoing with changes incorporated annually at a minimum. Individual plan components are scenario tested with oversight from FairPoint's Corporate Risk Management Team.

FCC FORM 481

Line 1010 -Voice Service Rate Comparability

The pricing of the company's voice services is no more than two standard deviations above the applicable national average urban rate for voice service, as specified in the most recent public notice, FCC DA14-384 released on March 20, 2014.

For Rates See Attachment: (700) Company Price Offerings (voice)

Form 481 Line 1210- Terms & Conditions for Lifeline Customers

GTC, Inc. provides a Lifeline Program discount for residence service for eligible low income customers. The Lifeline Program discount is applied to any month to month residence local service, package or bundle offering. The discount is intended to offset the Subscriber Line Charge and local line charge, although eligible packages and bundles may have toll calling included in the pricing for the offering.

The price list pages outlining the terms of the Lifeline Program in GTC Inc. in Florida are attached. The terms and conditions of residential basic local exchange service, package and bundle offerings can be found at http://www.tariffs.net/fairpoint/tier.asp?cid=1644.

## Form 481 Line 1210-Terms & Conditions for Lifeline Customers

GTC, Inc. d/b/a FairPoint Communications Issued By: Mike T. Skrivan Vice President - Regulatory Florida Price List No. 1 Section 3 Second Revised Page 105 Cancels First Revised Page 105 EFFECTIVE: August 1, 2012

## GENERAL SERVICES PRICE LIST

#### BASIC LOCAL EXCHANGE SERVICE

# 3.11 OPERATOR ASSISTED LOCAL CALLS (cont'd.)

#### 3,11.3 (cont'd.

- E. (cont'd.)
  - 2. Emergency Calls to recongluzable authorized civil agencies.
  - 3. Those cases where a Company operator provides assistance to:
    - (a) Re-establish a call which has been interrupted after the called number has been reached.
    - (b) Reach the called telephone where facility problems prevent customer dial completion.
    - (c) Place a non-coin sent-paid call for a calling party who identifies himself as being handleapped and unable to dial the call because of his handleap.

# 3.12 LIFELINE ASSISTANCE

#### A. General

1. The Interstate Subscriber Line Charge Walver and Matching Program adopted by the Florida Public Service Commission is a Lifeline Assistance Program and provides for a federal credit equal to \$9.25 plus \$3.50 as mandated by the Florida Public Service Commission. The federal and Company credits are applied to the local service bills for qualified residential customers who apply for the credits and participate in at least one of the following programs: Supplemental Security Income (SSI), Supplemental Nutrition Assistance (SNAP), Medicaid, Federal Public Housing Assistance, Low Income Home Energy Assistance Program, Temporary Assistance to Needy Families or the National School Lunch Program's Pree Lunch Program.

In addition, Residential customers with household income at or below 135% of the Federal Poverty Guidelines for that household size may also qualify for Lifeline Assistance.

## GENERAL SERVICES PRICE LIST

## BASIC LOCAL EXCHANGE SERVICE

## 3.12 LIFELINE ASSISTANCE (cont'd)

#### A. General (cont'd)

1. (cont'd)

Lifeline Assistance is available for one residence telephone line per household, at the customer's principal place of residence.

The Secondary Service Order Chargo will be waived for existing customers changing to the Lifeline Assistance program.

Vacation service is not applicable to lines with Lifeline Assistance.

2. Applications and Regulations

Guidelines for implementation of this program are as follows:

(a) Certification Procedures

All applications for this service are subject to verification periodically as required by the customer or with the state agency responsible for administration of the qualifying program.

(b) Processing Procedures

The Company will process all applications and apply the appropriate credit on the subscriber's monthly bill.

(c) Verification Procedures

The Company will reconcile and confirm eligibility periodically as required. The credit will be discontinued on the bill following written notification to the subscriber of inellgibility.

(d) The secondary service order charge described in Section 4 does not apply when an existing customer converts their service to Lifeline Assistance.

- Subscribers of Lifeline may request toll blocking at no charge, in lieu of a deposit.
- (f) Subscribers of Lifeline will not be disconnected for non-payment of toll charges.
- (g) LBCs will not refuse to connect, reconnect, or provide Lifeline service because of unpaid toll charges service.

## Form 481 Line 1210-Terms & Conditions for Lifeline Customers

GTC, Inc. d/b/n FairPoint Communications Issued By: R. Mark Elimer Director, Support Revenues Florida Price List No. 1 Section 3 Original Page 107

EFFECTIVE: February 15, 2012

## GENERAL SERVICES PRICE LIST

## BASIC LOCAL EXCHANGE SERVICE

## 3.12 LIFELING ASSISTANCE (cont'd)

#### A. General (cont'd)

- 2. Applications and Regulations (cont'd)
  - (h) LECs may require payment arrangements to be made for outstanding debt associated with basic local service and associated taxes and fees. Such arrangements will be made in a manner consistent with the company's Price List. If there are no written provisions, payment arrangements are to be made for a period of not less than four months.
  - (i) LECs will not require payment arrangements to be made on other unpaid amounts as a condition of receiving basic local service. This provision should not preclude LECs from collecting other portions of the outstanding debt by using any other methods as are customary for non-Lifeline subscribers.
  - Any payment made by the customer on the past-due amount will first be credited to unpaid basic local service charges.
  - (k) If a Lifeline customer fails to pay charges for basic local service, the customer's Lifeline service may be disconnected. The customer will then be treated in the same manner as any other existing Lifeline subscriber with regard to reconnection after a disconnect for nonpayment; i.e., if Lifeline customers are required to pay outstanding basic local service charges before reconnection, this provision would apply to all Lifeline customers equally regardless of previous outstanding debts.
  - (i) LECs may decline to provide other local services, including ancillary services, if the customer has outstanding debt for local service. Such service may not be declined for nonpayment of toll service.

## Form 481 Line 1210-Terms & Conditions for Lifeline Customers

GTC, Inc. d/b/a FairPoint Communications Issued By: R. Mark Ellmer Director, Support Revenues Florida Price List No. 1 Section 3 Original Page 108

**EFFECTIVE: February 15, 2012** 

## GENERAL SERVICES PRICE LIST

## BASIC LOCAL EXCHANGE SERVICE

# 3.12 LIFELINE ASSISTANCE (cont'd)

## A. General (cont'd)

- 2. Applications and Regulations (cont'd)
  - (m) LECs may require toll blocking if the customer has prior unpaid toll charges.
  - (a) For customers subject to mandatory toll blocking as a result of unpaid toll charges, LBCs may require payment of all unpaid toll charges and an adequate deposit prior to the removal of toll blocking.
  - (o) LECs will publicize the availability of Lifeline for customers with prior unpaid bills in the same manner as they publicize Lifeline in general. In particular, companies are required to include information about Lifeline in their directories and provide a bill message/insert on an annual basis, pursuant to FPSC Order No. PSC-97-1262-FOF-TP, in Docket No. 970744-TP, Issued October 14, 1997.

# 3.12.1 TRANSITIONAL LIPELINE ASSISTANCE PROGRAM

#### A. General

Transitional Lifeline Assistance is a state program which provides a 30% reduction of the applicable monthly exchange flat rate for residential basic local service for subscribers who no longer qualify for the Lifeline Assistance Program.

# B. Regulations

A Lifeline Assistance subscriber who requests this service will receive the discounted rate for a period of one (1) year from the date the subscriber ceases to be qualified for the Lifeline Assistance Program.
